Overview

Match Tiles, Beat' em Up, Adventure – Brand New Experience of Classical JRPG.

Hero Emblems is a JRPG that mixes “Side-Scrolling beat' em up” and “Match-3” features. Set in the middle-ages fantasy world of sword-fighting and wizardry, it is an adventure of 4 brave warriors who wield different emblem powers and their attempts to stop the re-awakening of the God of Evil.

Characters in the game attack, defend, cast magic and recover by clearing emblems. As emblems of a specific matching are cleared, players will even get to activate different emblem abilities. In the world of RPGs, this tile- matching game will bring to the players the experience of a side scrolling action RPG.

Background Story

Three thousand years ago, the ancient God of Evil captured the Shayara Kingdom. In those desperate times, four heroes rose to defeat the God of Evil with all their might. The heroic tales of these 4 heroes have been passed down for generations.

Now, the ancient God of Evil is re-awakening...New generation of heroes, are you ready?

Game Features

► Classical JRPG style adventures

Complete presentation the traditional JRPG world and story-driven quests. Seamless transitions between the battle scene and cutscene let you enjoy the fun of the console JRPG experience.

King Henry

Ho, ho, ho, do not consider me as an foolish old man who cant even tell if his daughter sneaks out everyday. Go, my dear, you shall be safe with the Imperial Guards.

Captain Buck

However...A mission such as saving the world should never exclude your Captain Buck of Great Lion.

► **Unique turn-based battle to offer the beat' em up experience**

Launch combo attacks, defense, healing by matching rule.

► **Unleash the power of skill emblems**

Skill emblems can be generated by matching more emblems, allowing you to use the skills of your character to a new level.

- Skill : Activate the hero's unique abilities.
- Buff Skill : A enhanced skill with additional effects.
- S Skill : Super Skill, the most powerful skill.

► A variety of attack debuffs

Some Monsters would attack with debuffs, such as poisoning, sealing, freezing, petrifying. These different debuffs will be displayed distinctively on the tiles interface. Players can remove these directly, by matching with the debuffed emblems or using skills to remove.

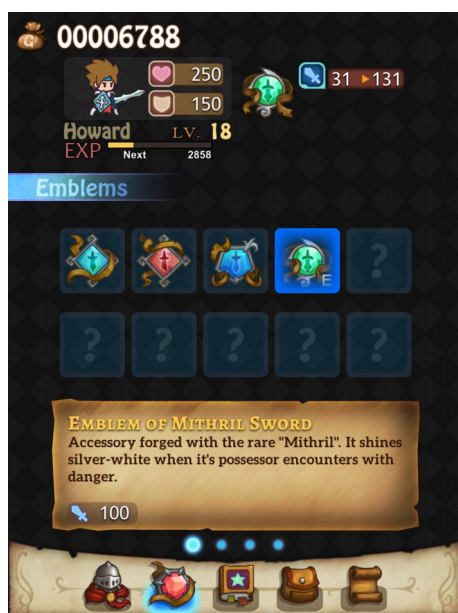

► Big Adventure World

Bravely traverse into dungeons, wilderness, caves, and cross the ocean to visit the new continents in the fantasy world. In the journey, you will meet different personalities NPC, and visit a variety of village to purchase the new equipments and skills.

► Change Emblems & Learn Skills

Throughout the adventure you will get to pick up all kinds of emblems and learn different skills. You should complete your adventure with the best combinations!

► Choose the cross roads of stages!? Choose the fate!? What will the ending be like?

► No IAP! No Ads!

Characters

Howard - Sword Emblem Wielder

As the leader of the group, he dreams to become a hero. With great vitality and responsibility, he enjoys roaming for adventure.

Elsa: Magic Emblem Wielder

Found in the Tower of Mystery by the King and the Princess at the age of 4, she was brought back to the palace and became a student of a wise man. Rumor has it that she is actually a princess.

Alston: Shield Emblem Wielder

Once the leader of the group, he gave up the position after losing a close friend during a battle. But he swore that he will do his very best to protect his fellow teammates.

Trista: Recovery Emblem Wielder

Although a cleric, she always gives the impression of being out of place. Surprisingly, she has a liking for all sorts of treasures.
